## HF.Si.20.200.50

/// Fiche technique

Heatingfluid based on Siliconoil

Temperature range in open and closed bath vessels (HBC, CBC): 20 – 200 °C

Temperature range in closed bath vessels (HBC, CBC): for a short time 20 – 250 °C

Viscosity at 25 °C: 50 mPa

Color: clear

Quantity: 10 kg
